Official Invitation to JMW2010 for Troy Barnett & Raw Energy

Dear Crystal

We would like to invite your artist to perform at Japan Music Week (JMW, November 8-14, 2010) and would like to support your applications for grants and other sponsorship assisting your travel and accommodation arrangements.

As you know, Japan Music Week is Tokyo's first major international all-genre music conference and festival based around the city, and will include content from over 30 countries and 20 Japanese cities, in over 100 events at more than 50 venues.

This year we welcome participation by your music performance unit "Troy Barnett & Raw Energy", with the intention that you will attract some interest by Japanese music fans, industry and media to support your future activities.

We intend to have you play at least three events within JMW, including the international showcase event called "US Southern Nite" on Wednesday 10 November, 2010 at Yotsuya Outbreak. The other event dates and venues will be fixed during the coming months and will include a supporting performance at a popular Japanese artist's club event which will introduce you to a large new audience, and various other promotional appearances such as at "Shibuya Hiphop Festival," "Jinnan Jazz Festival", "Soul Nite" or "Roppongi R&B Festival".

You are invited to use the following types of services, some of which are optional/requiring fees, and may depend on which events you join.

- A) Promotional articles in the JMW official programme (mini-magazine, web and mobile site)
- B) Interview in Japan's top music event free magazine Juice magazine and website (Global Vision Media, [www.juicemusic.com](http://www.juicemusic.com))
- C) Japan Music Week wristbands

We would be pleased to answer any questions you may have, and look forward to hearing from you.

Best regards

Jon Lynch  
CEO (K.K. Tiger), Executive Director (Japan Music Week)
